Beskrivelse:

Shoot Better Video

See and capture every detail with confidence

Whether it's a wedding, an indie film, or a television commercial, you need to make sure your images are perfectly sharp and captured at the highest possible quality, no matter what type of camera you use.

FEELWORLD F6 helps you make sure every shot is in focus and gives you professional images with the same recording quality used by major motion pictures and prime time TV shows!

True Color . Professional Color Calibration

Use Rec.709 color standard

FEELWORLD uses the professional Rec.709 HD color standard, and uses the color calibration technology, with the professional instrument calibration at the factory, it can achieve monitor calibration efficiently and get accurate color reproduction easily, do not distort the color, show the real image when you shooting video.

Accurate Color Reproduction

FEELWORLD monitor support ITU standards and HD video Rec.709 standard consistent color space, advanced image processing technology, so that the image clearly presented, the color is extremely natural, to ensure accurate color reproduction, to reproduce the physical nature of shooting, enabling users to accurately evaluate the quality of various input video signals.

Focus and Exposure Tools

Accurately expose and focus every shot

FEELWORLD F6 features powerful focus and exposure tools that help you get the best shots!

Focus peaking indicators can be displayed as red, green or blue overlays that indicate exactly which parts of the image are in focus.

In addition, false color tools make it easy to properly set exposure.

The false color tools work by highlighting specific color ranges of luminance with a solid color overlay.

Using false color helps you keep exposure consistent from shot to shot!

Input and Output

- FEELWORLD F6 is jam packed with features in a small, lightweight package
- It is equipped with 4K HDMI input interface, so you can connect monitor to various 4K camera
- You can monitor audio using the 3.5mm stereo headphone jack

Power Output

FEELWORLD F6 not only DC input interface, but also equipped with a DC output interface, It also equipped with DC input and output interfaces, you can connect a dummy battery adapter power cable to extend camera working time (NP-FW50 Sony & LP-E6 Canon & DMW-BLF19 Panasonic for optional)

Multiple Install Way

To convenient the various angles monitoring

FEELWORLD F6 features standard (3) 1/4-20 mount points (top, bottom, & right side) for attaching it to cameras and rigs.

Using the hot shoe or 1/4 inch hole, you can securely attach it to the top of your camera as the ultimate HD viewfinder!

Goecker for shooters

Tilt Arm Mounting

The monitor secures to your camera using the included Tilt Arm via shoe mount or 1/4"-20 thread.

The Tilt Arm enables 360° of tilt for convenient monitoring at nearly any angle.

A cold shoe on the Tilt Arm lets you secure equipment (like a microphone, LED light, or wireless receiver) that would otherwise be displaced from the camera's accessory shoe.

Flexible Battery System

Hassle-free power

For power source, there's a 12V DC input on the side and space for a battery plate on the back.

When connected to the 12V DC input you get continuous power or you can run it off of compatible rechargeable battery.
